Landtaking Victims Hit Mistreatment

Newton residents are voicing anger and dissatis-faction over toll road extension land-taking methods.

They are complaining agents of the Massachusetts Turnpike Authority are showing unfairness in set-tling land damage cases.

Home owners charge they are not being offered adequate prices or have not received any offer whatsoever as yet.

Until they know what price they will get for the homes from which they have been displaced they will not know how much they can afford for the purchase of

a new home, they say.

Some residents, who have bought new homes despite delay in settlement, claim they are forced to still pay insurance and interest costs on their former homes.

cast the biggest vote in its history for a primary election when Democrats and Independents go to the polls a week from next Tuesday to participate in settling bitter fights for party nomina-

tions. Tremendous public interest generated by the Kenedy-McCormack and Curtis-Lodge battles for the two nominations for the U. S. Senate, will result in a record-high vote in the Garden City, in the opinion of political experts.

Indications are that hundreds and possibly thousands of Newton residents, who never before have cast ballots a primary, will do so on September 18.

The so-called Independent voters, who are not registered in either political party, may obtain either Democratic or Republican primary ballots, City Clerk Monte G. Basbas declared today.

Both Attorney General Edward J. McCormack, Jr., and Edward M. (Ted) Kennedy Edward M. (190) kernedy have groups working ener-getically in their behalf in Newton to promote their drives for the Democratic mination for the Senate.

League bowling is the latest word at Holiday Lanes in West Roxbury, as the fall bowling season makes its annual appearance. The greatest league response seems to be coming from area industrial plants. Commercial leagues are running a close second.

Holiday Lanes is featuring a variety of house leagues this year including special daytime leagues for women. A rather unusual league, that seems to be the talk of the bowling center, is the entirely new "Vacationers League" that features a luxurious 7day vacation in Miami Beach's vn Hotel for everyone who bowls in the league.

Mr. Karp, manager of Holiday Lanes has planned an ex-citing season of big league bowling at the modern ten-pin center located on the VFW Parkway in West Roxbury. A special attraction to Holiday pin-topplers will be the annual Holiday Lanes \$5,000 guaranteed tournament for house league bowlers only. This handicap tournament was especially designed to allow the beginner as well as the experienced bowler to enter and to compete for prizes.

Other events scheduled for the coming season include: fashion shows, bowling schools, special bowling events and contests such as moonlite bowling, scotch doubles and a variety of novelty tourna-

new Employee Benefit Plan for companies with 3 to 24 employees

Did you know that if you have only a few employees, you may qualify for Metropolitan's Employee Benefit Plan?

These new plans are flexible and provide broad insurance protection for you and your employees at favorable rates which you could not get as individuals.

Because the coverage is comparable to that of large corporations, the plan will help you boost employee morale and attract better employees. In addition to giving you peace of mind, this plan can provide advantages that may never have occurred to you.

Metropolitan's new Employee Benefit Plan guarantees:

- 1. Cash to help pay hospital and medical expenses for employees and their dependents.
- 2. Cash income in the event of disability.
- 3. Cash for the family in case of death.

Political Highlights

Where Kennedy and McCormack are both young men in their 30's, the Curtis-Lodge conflict is a contest between a seasoned political veteran and a political novice making his first run for elective office.

That is reflected in their respective records which undoubtedly will be the subject of discussion in the debate, with Curtis hitting out at Lodge's inexperience.

Curtis has been a member of Congress for the

ast 10 years and has served on the House Foreign Affairs Committee and the House Judiciary Committee.

Before going to Congress he served two years

as State Treasurer, six years as State Senator, four years as State Representative, four years as a Boston City Councillor and two years as Assistant U. S. Lodge has never held elective office but was em-

ployed in the Department for Labor for about eight years, working in a public relation capacity most of the time and serving for two years and seven months as one of the Assistant Secretaries of Labor.

These are the backgrounds of the two men who

will meet next week in a debate as part of their battle for the right to oppose the winner of the Kennedy-McCormack donnybrook in the November election.

It is not difficult to understand why Curtis is endeavoring to center public attention on the contrast between his experience and record of public service and the experience and public service of Lodge.

While the Curtis-Lodge contest is not being fought as bitterly as the McCormack-Kennedy struggle, it, nevertheless, has generated some strong feeling, especially in the rival camps.

Curtis has been incensed by some of the statements made concerning Lodge's public record.

He has blasted as "absurd" a claim by Lodge that

as Assistant Secretary of Labor he dealt with the heads of many foreign states. Curtis has pointed out that a young Assistant Secretary of Labor isn't likely to l designated to deal with the heads of foreign states.

It wouldn't be necessary for

him to do so. He obviously

Riley's supporters reply that they'll discover this political of life when they enter their polling places on Sept.

There may be something in that theory since many Demo-crats are so absorbed in the hectic Senate hattle that they may not decide whom they are going to choose between the two Democratic candidates for Governor until they reach their polling places.

Minor Injuries In 3 Weekend **Auto Crashes**

Perhaps the most serious of three Labor Day weekend ac-cidents in Newton was a colli-sion on the Worcester Turnpike early Monday in Newton Centre that involved a tractor trailer and three cars.

The first car caught fire when it was struck by the trailer near Dudley rd., and its operator. Patricia L. Cond-lin, a Natick nurse, jumped from the blazing vehicle. She was treated at Newton-Welles-ley Hospital for a neck injury.

The nurse's car was pushed into another, and a third was slightly damaged. The latter's driver said he couldn't tell whether his car was hit by the trailer or by flying wreckage. In a second accident Eliza beth C. Nelson of 40 Cochitu ate rd., Newton Highlands, sustained an injured knee when her car struck a pole near 2040 Beacon st., Waban.

An antiquated national transportation policy is con-stantly undermining efficiency

in the country's transport system, Oscar C. Benson, maintenance of way engineer for the Boston and Maine Railroad, told the Newton Kiwanis Club Wednesday.

The government must "shake down" its grates to stimulate efficiency, he told members of the club holding

their weekly meeting at Val-le's Steak House in Chestnut

President Kennedy's recom-mendation to Congress will unclog the grates, he said,

Tamkin served four years as State Representative before being elected to the Gover-nor's Council. During his service in the House of Representatives he was vice chairman of the legislative judiciary committee and a member of the committee on education insurance, public welfare and correction.

While in the Legislature tion chairman for the annual donor luncheon, and the 12 local presidents, including Mrs. munity colleges. His proposal was adopted and four junior colleges now are scattered throughout the State.

He participated prominently in the fight to strengthen the University of Massachusetts and to establish the new medical school at that university

Tamkin was responsible for the enactment of a law grant ing University of Massachusetts scholarships to Israeli students. The first such student enrolled this year. He consistently supported moves to abolish capital punishment and was a leader in the pass age of legislation to outlaw discrimination in housing, education and employment.

An active worker in behalf of the State of Israel, Tamkin began his activities in the He was a delegate to the Democratic national convenyouth movement during his college years and is today aftion at Los Angeles in 1960,

"We will visit personally every Republican and Independent home in the district before the primary," he stated.

High Schoolers Who Need To May Use Cars

Driving to classes by stu-dents of Newton and Newton South High Schools this year will be on an approval basis, Dr. Charles E. Brown, super-intendent of schools, explained to The Graphic this week.

Those wanting to travel in their own cars will have to apply for permission to the school principal, he said, and if the request is granted, a sticker will be issued for the car's windshield.

The distance the student has to travel to and from school will be a factor in the decision, Dr. Brown said.

In all cases, he added, the applicant will have to duce a good reason for automotive travel, and the reason or reasons will have to be clearly stated on the ap-

plication presented to the principal. **Board Grants**

Four Hardship

Variances The Newton Zoning Board of Appeals granted the follow-ing four petitions for hard-

variances last week To Owen T. Quinn, 14 Chen-ey ct., Newton Upper Falls, permission to build an addition to his house, using 115 sq. ft. of land above the permitted maximum. It was ruled that literal enforcement of the ordinance would result in a substantial hardship.

To David L. Landay of 21 Burrage rd., Newton Centre, permission to build an addition 16:7 feet from the side lot line on Alderwood rd.
To Marjorie R. Nesson and

Carol M. and Lewis P. Simons, permission to combine four lots at 49 and 54 Grove

Hill park, Newtonville. To Robert L. Kandar of 27 Wetherell st., Newton Upper Falls, permission to purchase 1552 sq. ft. of land from Henry Mittel of 47 Chandler pl., leav-ing 8618 sq. ft. in the latter's lot in private residence dis-trict where 10,000 feet is the minimum.

Committee Plans Study of Newton Research Firms

The Board of Alderman Franchises and Licenses Committee will study city research and development firms for dangers their work may pose to the area. The study was sparked by

opposition to the granting of licenses for storing 12,500 gallons of fuel oil and 5,000 gallons of gasoline at 25-27 Christina street to serve the new Telephone Company garage. The licenses were requested by the Whitehead Realty Corp.

DRIVERS! STOP AND THINK ABOUT THIS MESSAGE TRAFFIC-SAFETY DEPENDS ON YOUR ATTITUDE!

One of the biggest differences between a safe driver and one who has a record of accidents is each driver's mental attitude. The safe driver is a person with a mature outlook — he knows that operating a motor vehicle is not kids' play; he knows that the machine under his guidance can be a lethal weapon. It can kill. The safe driver knows that traffic rules have been designed not to "catch him up," but to keep him safe. He knows too, that driving skill is not enough; it must be combined with common sense and courtesy. Have a safe driver's attitude!

Sykes Flays 'Influences' In Council Fight

John Kenneth Sykes, candidate for Governor's Council, spoke before scores of supporters and interested viewers at rallies held in each of the Second District towns over the Labor Day weekend and asked for local support as he lashed his opposition.

"I have been campaigning for this office for eight months now, day in and day out, and with the continued help of many local friends I feel I have an excellent opportunity of winning and representing local people," Sykes noted. "But, other influences are at work," he warned.

Sykes, a prominent Nor-wood attorney and Legal Assistant to Secretary of State, Kevin White, labeled the influences as "no more than political tactics of an incumbent wh was never elected by the people but rather placed in position by political in-

A four-run rally in the ninth inning brought Newton fans upright, Sunday, but Auburndale Circle Oil was already seven runs behind, and the final score was Waltham City Club 9, Auburndale 6 in the exhibition game at Lowell Field.

Buddy Ryan celebrated his homecoming with a triple in the final stanza, but the minor leaguer, who had played in the Alabama-Florida League all summer, was able only to knock in two runs with the effort, and that wasn't enough to bring victory to his father's Auburndale team.

The Waltham players swung heavy bats that accounted for 12 hits in eight innings off Skane, the Holy Cross south-

lead, the result of a pair of un-earned runs in the second, but City Club caught fire in the fourth. At the start of the second inning, Nick Pacqua-rosa walked and went to second on a sacrifice by Jack Grainger. Then, a pop by Skane was dropped for one run. Another walk and a single by Paul Kerns accounted for

the second run. Bob Wilcox. Auburndale catcher, was struck by a foul tip in the seventh and was taken to the hospital for treat-ment of a split finger on his throwing hand. The team lacked a spare receiver, so had to borrow Duddy from City Club.

Edward M. (Ted) Kennedy appears to be leading Attorney General Edward J. MacCormack, Jr., as the two come down the closing stretch of their race to their day of political destiny next Tuesday.

McCormack has put up a terrific fight against

But after two highly publicized debates and with public opinion seemingly well crystallized, Kennedy remains the favorite and McCormack the underdog.

Political history in Massachusetts contains many chapters about spectacular victories achieved by officeseekers who had been counted out by the experts.

Candidates conceded far less chance than Mc-Cormack have come through with stunning upsets. On paper, however, and on an analysis of all the factors involved, Kennedy should win the Democratic nomination for the U. S. Senate next Tuesday.

Muther Praised For Report To Newton Voters

Representative Lorenz F. Muther, Jr., of Newton was being widely congratulated and commended this week on his 1962 annual reportletter now being distributed to the voters.

"I believe these many favorable expressions vindicate my decision to publish my stand on individual issues coming before the Legislature despite warnings that it is 'politically risky' to be precise about spe-cific matters," Muther says. "And I warmly thank those who have told me they approve my record even though the do not agree on every item.

Rep. Muther began his re-port-letters when he first took office "to let the voters know what their Representative is doing about specific issues of concern to the Commonwealth and especially to the residents

of Newton. "After all, during my many years of civic work I have always insisted upon the individual accountability of our officials whether elected or appointed, so as a Representative it behooves me to practice what I preach," he

Rep. Muther's 1962 report cites four test questions he has applied to differing classes of legislation and gives specific examples of his vote in each class. It discusses key issues which came before his Committee on Education, and various bills directly affecting Newton which he carried to enactment.

Distribution of Rep. Muther's 1962 report is expected to be completed by mid-October.

True Peace And Brotherhood To Feature Service

The spiritual foundation of rue peace and brotherhood will be set forth at Christian Science church services Sun-day in a Lesson-Sermon en-titled "Substance."

Featured in the Bible selections are a number of passages from the Book of James, including these: "Who is a wise man and endued with knowledge among you? let him shew out of a good conversa-tion his works with meekness of wisdom . . . And the fruit of righteousness is sown in peace of them that make peace."

The following will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p.467): "It should be thoroughly under-stood that all men have one Mind, one God and Father, one Life, Truth and Love. Man-kind will become perfect in proportion as this fact becomes apparent, war will cease and the true brotherhood of man will be established."

Vote Next Tuesday

Next week is state primary time, and ironically it is also the week set aside by President Kennedy to be noted as Constitution Week, seven days when we are all urged to "consider the heritage of our Constiits enduring principles."

What better way to do a little bit toward observing this week, honoring our democratic precepts, than turning out at the polls next Tuesday en masse?

Too often primaries are by-passed as some form of anti-climatic election; but how important can the final election be if the wrong men are voted in to the running through the copping of a position in the

Tuesday's election will name the Democratic and Republican standard bearers who'll square off in the elections later in the Fall. Notwithstanding the fact that these are the men who'll represent us in top gubernatorial and senatorial posts, this year's candidates deserve a strong turnout at the polls, if for no other reason, for their extremely intense campaigning throughout the state.

Town officials, anticipating crowds to reflect this interest in the campaigns, have extended the polling hours from 6:00 until 8:00 o'clock

In respectful acknowledgement of hard fought campaigns, and in observance of Constitution Week, it would be encouraging to see civic spirit defeat apathy

it's unfortunate that either McCormack or Kennedy will be eliminated from contention when the primary returns are counted.

Most Democrats would like to see both of them on their party's State ticket in the November election. Both would be assets to the Democratic slate.

But Kennedy and McCormack both were intent on running for the Senate. They were unwilling to settle for any other office. And they chose the collision course which will see one of them defeated on Tuesday

Both candidates have made strong drives for nomination. They have commanded great attention, have aroused terrific public interest and have generated flaming enthusiasm in the ranks of their sup-

Kennedy, of course, has benefitted from his name and from the fact that his older brother is the President of the United States.

Even though President Kennedy has maintained a position of strict neutrality and has abstained from extending a helping hand to his brother, the shadow

of the Presidency has loomed large over this contest.

In fairness, however, Ted Kennedy has proved himself an excellent campaigner. He met McCormack in two debates although the political gamble involved in participation in the debates favored McCormack.

Elections are won and lost in curtained voting booths, not in political columns. Startling upsets have occurred in the past, and they could happen again when the returns come in next Tuesday night. Lodge - Curtis Fight Close Curtis In Strong Finish

Congressman Laurence Curtis and young George Lodge appear to be coming down to the wire in a close been centered to such an extent race.

Curtis has been forced to overcome one handicap after another in his fight for the Republican Senate realize Riley is running for the nomination.

He started late in his drive for the endorsement GOP State convention, found many delegates point and insist that it may were already committed to Lodge and wound up losing the convention nod by 88 votes.

Had Lodge and Curtis started at the same time in their quest for convention support, there is little doubt that Curtis would have been the victor at Worcester in June.

As a result of missing the convention endorsement, Curtis started out behind Lodge in their primary contest because Republicans are accustomed to voting for the convention choice.

Curtis, however, has obviously been gaining steadfor the past month. He is making a very strong finish. Many political observers believe it may prove strong enough to bring him in a winner next Tuesday

The general feeling that Curtis would be a

stronger contender against Ted Kennedy in the November election than would Lodge may prove the determining factor in the Curtis-Lodge struggle.

Curtis also has made an impact with his argument that he could use the inexperience and immaturity issue against Ted Kennedy and that Lodge could not

Lodge, however, is no easy opponent even though this is his first campaign for public office. Like Ted Kennedy, he has the benefit of a famous family

The hard fact also is that many Republican voters, who have paid only casual attention to the fight for their party's nomination for the U. S. Senate think that Curtis is being opposed by former U. N. Ambassa-

dor Henry Cabot Lodge, not by his son.

There is little comparison in the public records of Curtis and Lodge.

Curtis has been a member of Congress for the past years, has served on the House Foreign Affairs Committee for the last four years, before that was a member of the House Judiciary Committee for six years. He served two years as State Treasurer, six years as State Senator, four years as State Representative, four years as Boston City Councillor and two as Assistant U. S. Attorney.

Lodge's public service has consisted of eight years in the Department of Labor. He was an Assistant Secretary of Labor for two years and seven months and the rest of the time worked in the public informa-

tion branch of the department.

Nevertheless, this seems to be a close contest which could go either way when the votes are counted next Tuesday night.

Curtis' chances of defeating Lodge hinge on whether his issues and qualifications are sufficient to break down the GOP habit of voting for the onvention endorsee.

One of the unusual aspects of the Curtis-Lodge conflict is In Confusing Battle that Curtis has not tried to build any sympathy for him-self by making political capi-tal of the fact that his congressional district was liquidated this year, leaving no opening to run again for the national House.

gressman. He has served with distinction on Capitol Hill for the past 10 years. He took it it did at the Republican State without a whimper when his Convention. district was broken up under the redistricting plan. It is un-likely that he would run for office again if he should be defeated next Tuesday. Lodge, on the other hand, who is making his first run for office, has other campaigns ahead of him, whether he wins or loses

Peabody has the endorsement of the Democratic conclave. That gives him a strong advantage in a fight which has been completely overshadowed by the hectic McCormack-Kennedy Senate battle.

If Peabody didn't carry the convention endorsement, he and Riley would be fighting on about even terms, and their

One of the most puzzling contests is that being waged for the Republican nomination for Attorney General between former U. S. Attorney Elliot L. Richardson and former Boston Finance Commission

Curtis has been a fine Con- Chairman Edward W. Brooke. From this vantage point it shapes up as a tossup, just as

Richardson and Brooke staged a dramatic battle at the Worcester conclave, with Richardson missing the endorse-ment by one vote on the first ballot and Brooke winning the second time around.

Their fight across the state next Tuesday may prove just as spectacular. Voting sentiment in their clash seems to vary sharply in different sections. Everything points to a close, tight race.

Both Richardson and Brooke have put on strong campaigns. A. Riley in their fight for Each has been able to draw publicans across the State. Ex-Governor and former Secre-

Campaign for Richardson Rolls Into High Gear Here

In Newton the campaign for the Republican nomination for Attorney General of former U.S. Attorney Elliot L. Richardson rolled into high gear last Friday, as Richardson's visit to the Garden City was climaxed in the evening with a reception in honor of the candidate and his wife Anne at Brae Burn Country Club.

Mr. Richardson decried the fact that politics in Massachusetts "has come to be considered dirty business." He asserted that law enforcement is the major key to stamping out corruption, and that the office of Attorney General is the most important law en-forcement office in the Commonwealth.

Republican Leaders Say Curtis Best Hope To Beat Ted Kennedy

A number of top Republican leaders joined this week in declaring that Congressman Laurence Curtis is their party's "best hope" for defeating either Edward M. (Ted) Kennedy or Edward I McCornel Edward M. (Ted) Kennedy or Edward J. McCormack, Jr., in the November election. November election.

In commending Curtis' candidacy to the voters of Massachusetts, they asserted that he has the experience and ability to be an excellent Senator and the issues and qualifications to win election.

"I believe in Larry Curtis and his ability to win," de-clared Congressman Joseph W. Martin, Jr., dean of Massachu-setts Republicans. "He has the competence and the experience, and he can be elected.

Ralph H. Bonnell, who has just completed eight years as Republican National Committeeman, in a message to GOP voters characterized Curtis as "our best candidate for the U. S. Senate.

"He is the most qualified and the most experienced," said Bonnell. "He represents our best hope to win the Sen-ate seat in November.

"I am happy to give Con gressman Curtis my help and support on the basis of the legislative record he has established in the Congress.

"If we are going to defeat

U. S. Attorney.

"I am not starting at the top," Curtis declared. "I have proved myself, as I believe any person should do before standing for election to the United States Senate."

Curtis said his record as a Congressman four times reeived the stamp of approval from the voters as elected him to office.

In both 1960 and 1958 Curtis was re-elected despite the fact

tablished in the Congress. That record assures the accomplishments we can expect of him as a U, S. Senator," Bonnell stated.

Congressman Curtis asked Republican voters in this area to consider his qualifications and that of his opponent for the GOP nomination for the Senate.

H. Connolly Predicts Win Next Tuesday

Herbert L. Connolly of Newton, well known Boston automobile dealer, expressed gratification this week at the progress he has realized in his campaign for the Democratic nomination for Lieutenant

Governor.
"I am confident that when the returns are tabulated next Tuesday night, they will show that I have been nominated as the Democratic candidate who will stand for the Lieutenant Governorship in the November election," said Connolly.

Ronayne Sets **High Hopes On** Newton's Line

A stiff three and one-half hour drill last week by the Newton football squad brought high praise for the linemen from Jim Ronaque.

"Our line was the difference against Belmont on Wednes-day (Sept. 5)," he declared. "The offensive blocking was

tremendous.
"Our tackles all have good size, and they used it. Pete Shattuck, Jeff Heath, and Bruce Parent did an excellent job. Larry Kemelgor will be a big help when he recovers from his injury.
"Steve Woodruff blocked

well at guard, and so did Steve Crosby play a fine game. Center Steve Bliss, ends Fred Nagarian and Jack Fawson, cornerman Jeff Hicks and safetyman Tom Mecham also

sparkled defensively."
Ronayne's words of praise
were not completely confined to the line play. He pointed out that Quarterbacks Mickey Beard and Ken O'Connell each led his unit to a score against Belmont, and each was impressive defensively as well.

The school superintendent declared that books published by most major companies con-tained for the most part "singularly unimaginative, stuffy, trite little stories about what is considered to be typical childhood experiences.

"While they do a good job of developing the technical aspects of reading, they tend to develop nice little stereotyped concepts about our society, with little or no confrontation with the realities of life."

The superintendent told the

teachers that the social studies texts offered "a bland, superfi-cial, sometimes inaccurate portraval of the history of man-

ballots may be cast in Tues-

Virtually all political observ ers agree that a large number of so-called Independent voters will cast votes for the first time next Tuesday.

Some of them probably have not done so in the past be-cause there were no real primary fights to be settled in the party of their choice, it was pointed out.

U.S. SENATE FIGHT DRAWS THE VOTERS

The Kennedy-McCormack Curtis-Lodge, and Brooke-Richardson contests will be principally responsible for drawing the voters to the polls, but considerable interest also is being created by some of the other contests.

A big majority of Newton's most influential Republican figures are backing five-term Congressman Laurence Curtis in his fight with George C. Lodge for the GOP nomination for U.S. Senator, and Newton is counted as one of the Curtis strongholds.

Curtis is considered certain to roll up a substantial plurali-

ty over Lodge in Newton.

However, the city's top Republicans have split sharply in the struggle between former U. S. Elliot L. Richardson and former Boston Finance Com mission Chairman Edward W. Brooke for the GOP nomina-tion for Attorney General.

But the big magnet which will get out the voters next Tuesday is the spectacular Kennedy-McCormack battle which the entire nation is watching.

How many independent vot ers, who normally lean to the Republicans, will ask for Democratic ballots next Tuesinstructors and nine new ime instructors have added to the college added question, but the number is certain to be sizeable.

THREE-CORNERED TILT FOR REPRESENTATIVE

A lively three-cornered contest for two Republican nomi-nations for the House of Representatives will be settled Tuesday in the fifth Middlesex legislative district which takes in Wards 4, 5, 6 and 8.

Opposing candidates are Representative Lorenz F. Muther, Jr., Maynard Gold-man and ex-Representative Irene K. Thresher, Representative Arthur G. Heaney, who has represented that district on Beacon Hill, is retiring from

Muther is standing for renomination for a second term. Mrs. Thresher is attempting a political come-back. Goldman has made an extremely energetic meet-the people campaign.

An interesting fight for the Republican nomination for the Governor's Council is being waged in the second councillor district, which includes Newton, between Stanley S. Lewenberg of Newton and Mrs. Margaret M. Heckler of Wellesley

Lewenberg is drawing strong support in his home city of Newton, but his femi-nine opponent also is attracting attention with her catchy slogan that a "Heckler is needed in the Governor's Council." On the Democratic side

Councillor Alvin C. one of the most respected public officials on Beacon Hill, appears virtually certain of Democratic renomination in the same councillor district.

Herbert L. Connolly of New ton, well konwn Boston auto-mobile dealer, has aroused interest in his home area by his fight against Francis X. Bellotti of Quincy for the Democratic nomination for Lieuten ant Governor. Connolly is ex-pected to run ahead of Bellotti in Newton.

The trend of the fight in Newton between Registrar of Motor Vehicles Clement A Riley and Endicott Peabody for the Democratic nomination for Governor will be watched

Mr. Alford declares that the main issue in this cam-paign is the stealthy spread of corruption which takes tax money out of the pockets of every citizen in the county, He said in a recent campaign address that "the only way to stop the great give aways of public tax money is to stop the great give-away of public office. The voters must put thought into every vote cast. It's time to stop the thought-less handing out of county offices. The office of County Commissioner is an important one involving the expenditure of millions of tax dollars every year. It's time the voters started treating it that way."

Joe Martin For Textile Tax Aid By Congress Act

Congressman Joseph Martin, Jr., has protested the decision of the U. S. Tariff Commission which denied a measure of relief for the American cotton textile indus-try. The Commission rejected a long-standing appeal of the home industry to levy an additional duty of $8\frac{1}{2}$ cents a pound on imported textiles to make up the difference be-tween the price foreign and domestic cotton manufactur

ers pay for raw cotton. Congressman Martin joined the industry in complaining that since foreign manufacturers could get American cotton at a lower price than our own people, the home industry is placed at a competitive disadvantage and added to the problems of the hard pressed American industry and its workers.

The Tariff Commission re jected the petition in a 3 to 2 decision. The equalization fee has been one of the key factors sought by the textile industry and textile state congressmen to help the domestic oducers.

Congressman Martin said:
"The decision is unfortunate, disappointing and regrettable. It was not too much to ask the government to allow American manufacturers to obtain American cotton at the same price level as foreign competitors pay. I have been informed that the President has no authority to overrule this decision of the Tariff Commission. If that is the case relief for this inequitable situation must be obtained through Congressional action I shall give my best efforts toward that objective."

Rocco Antonelli Sees Attempt To Letters -Cover Wrongs In County Affairs

A crash program to cover negligence in county affairs before primary day has been undertaken by certain elected county officials, a Somerville candidate for the Democratic nomination for County Treasirer, charged today.

Rocco J. Antonelli, 187 Central street, Somerville, alleged in speeches throughout Middlesex County in the final Middlesex County in the final week of his primary contest that County Treasurer Ed-ward Buckley and the Coun-ty Commissioners advertised and awarded a \$2500 contract for publication of county re-ports for the years 1959, 1960 and 1961, on August 17,

"The law specifically re-uires that the annual remust be compiled, printed and made available to the public each year," Antonelli declared. He said that county taxpayers are afforded only this means of determining how their tax dollars are being spent.

"The current treasurer, Buckley, was chairman of the commission from January 1960 to September 1961, and he failed to carry out the du-ties of his office. Some \$40,-000,000 was spent in three years. Now we find a sudden interest on his part and the part of colleagues to comply with the law," Antonelli said.

Antonelli, a former treasur-Antonelli, a former treasurer for the City of Somerville, was chosen "Massachusetts' Most Outstanding Public Accountant of the year—1962."

He is a graduate of Tufts College, Magna Cum Laude, and of Harvard University and of Harvard University Graduate School of Business Administration, M.B.A.

Antonelli, in one of the most active campaigns ever waged for the Democratic nomination for the County Treasurer's office, asserted that the time has come when

COST HOSPITAL PLAN FOR CATHOLICS

Catholic men and women now get low cost hospital insurance from our 83-year old non-profit Society - The Catholic Association of Foresters (formerly known as the Massachusetts Catholic Order of Foresters). For example: for only \$2.05 per month, men under 61 can receive \$50 a week while hospitalized for any accident or sickness covered by our insurance. Payments of \$100 or \$150 a week are also available. The same plan is available for women at a slightly higher premium. Catholics of advanced age can be insured at additional cost, You are paid in addition to other insurance. You spend the money as you wish-for hospital bills, doctor bills or expenses at home. Choose from a wide variety of plans to bring your present insurance up to date or get complete protection. With hospital costs more than double what they were just ten years ago, there is a good chance you need more insurance. Send for complete information, including details on our excellent life insurance plans. There is no obligation-so mail the coupon today!

DRIVERS! STOP AND THINK ABOUT THIS MESSAGE TRAFFIC-SAFETY DEPENDS ON YOUR ATTITUDE!

One of the biggest differences between a safe driver and one who has a record of accidents is each driver's mental attitude. The safe driver is a person with a mature outlook - he knows that operating a motor vehicle is not kids' play; he knows that the machine under his guidance can be a lethal weapon. It can kill. The safe driver knows that traffic rules have been designed not to "catch him up," but to keep him safe. He knows too, that driving skill is not enough; it must be combined with common sense and courtesy. Have a safe driver's attitude!

She was buried on the college campus September 4.

Riotous Gals **Could Pester Boat Owners**

Newton owners of pleasure craft—sailboats as well as power—are advised by the State Division of Motorboats to double check their mooring lines, anchors and other gear to meet the chal-lenge of the parade of hur-ricanes that could whistle up the Atlantic coast this

Director Wilton Vaugh reminds them that his divi-sion, in 1960, the first year of its operation, corraled and hauled back to their ure boats that had been set adrift by Hurricane Donna.

Although Alma has come and gone with little damage in its wake, Vaugh points out, the U. S. Weather Bureau has given names to 20 more "ladies" who may stir up trouble this month and next. By taking simple precautions, boat owners can sit back and whistle at the gals as they go by, the director says.

Following are the names by which they will be known, should the tempestuous hussies get here:

Becky, Celia, Daisy, Ella, Flossy, Greta, Hallie, Inez, Judith, Kendra, Lois, Marsha, Noreen, Orpha, Patty, Rena, Sherry, Thora, Vicky and Wilma.

Kennedy Won In Landslide While Looking To November

What was most remarkable about the landslide victory scored by Edward M. (Ted) Kennedy over Attorney General Edward J. McCormack, Jr., in their contest for the Democratic nomination for U.S. Senator, was that Ted achieved it without ever uttering a harsh word

and leaving no scars of his making in the Democratic

cal contest and to be thinking in terms of the next one to come. But it proved excellent strategy for the President's youngest brother.

heal more quickly than do bruised Republican feelings.

Why did Ted Kennedy sweep to so overwhelming a victory over an opponent of the stature of McCormack while using the soft political sell? Did McCormack blow any chance he had of winning the fight by attacking Kennedy more vigorously than many TV viewers thought he should have during their first debate in South Boston?

Those are questions the political pundits are asking as they survey the shambles of McCormack's campaign. The answers seem obvious.

Kennedy won on the strength of his great public appeal, his magnetic personality, his own ability as a campaigner and the tremendous popularity of his older and more famous brother which rubbed off on him to a substantial degree.

Get Flu Shots If Over 45, Says

Medical Advisory Committee, points out that the U. S. Pubic Health Service predicts a flu epidemic this fall and win-ter similar to the one that attacked thousands in 1957.

Those who have had TB or other lung diseases should make a particular effort to get their flu vaccination, the association advises. Exactly when the epidemic will strike cannot be determined, but the flu vaccine is recommended as

a precaution. Individuals who suffer from asthma, chronic bronchiectasis, emphysema and pulmonary fibrosis should take advantage of the vaccine in order to prevent complications, the association suggests. Also, patients with rheumatic heart disease, respiratory diseases, arteriosclerotic heart disease, hypertension, diabetes and

Addison's disease would particularly benefit from the vaccine.

Pregnant women should not fail to get the shots, the association says.

Newton's turnout of voters on Tuesday established an all-time high record for a primary, with 26,215 men and women, 13,940 Republi-cans and 12,275 Democrats, going to the polls.

Senate Fights Are Magnets For Voters

That the battles for the Democratic and Republican nominations for the U. S. Senate were the big magnets which pulled out the voters of the 13,940 persons who obtained GOP ballots in Newton was evident from the fact that only 265 did not vote for either Curtis or Lodge.

Practically the same thing was true on the Democratic side where only 363 of the 12,275 Democrats failed to mark a cross for either Ken-

mark a cross for either ned ned or McCormack.

Congressman Joseph W. Martin, Jr., whose new congressional district takes in Newton, also received a fine complimentary vote, with 12. Sorority will hold its first meeting of the new season on Thursday, September 27, at 8

though he was unopposed.

Stanley S. Lewenberg carried Newton in his bid for the Republican nomination for the Governor's Council but received a surprisingly strong fight in the city

from Mrs. Margaret M. Heckler of Wellesley.
In that contest the vote totals were 5685 for Lewenberg, 4510 for Mrs. Heckler and 2194 for George M. Doyle of Franklin.

New Directory Of All Agencies Now Available

The new edition of the Di-rectory of Newton Agencies, Clubs and Organizations list-ing up-to-date information about more than 400 active organizations in Newton, has just arrived. This blue covered pocket-size directory is in-dispensable to active club members, board members, members, board members, school and agency personnel, church groups, fund raising groups, government workers,

legislators and many others. The directory includes a listing of the president or chairman for all agencies in Newton, churches and church groups, parent-teacher associations, city departments and aldermen, as well as public and private schools and colleges. Also included are the presidents of fraternal organizations, business and professional associations, civic groups, college clubs, country clubs, garden clubs, education al groups, health services, im provement associations and neighborhood clubhouses. Patriotic and philanthropic service clubs, social groups veteran organizations

'Welcome Home' Tea To Be Held September 26th

The annual "Welcome Home Tea" of the Newton Highlands Congregational Church Wom-an's Association will be held on Wednesday afternoon, September 26, at 2:30 in the church parlor. Everyone is invited to attend and bring

neighbors and friends.
Refreshments will be served and an interesting short series of slides in color will be shown It is hoped there will be an "overflow" gathering for this afternoon of fellowship and friendliness, to start off the association year with real spirit. The tea is being sponspirit. The tea is being spon-sored by the executive board of which Mrs. Anthony Chaik-owski is president, together with the hospitality and social committee.

Political Highlights

Ted Kennedy's biggest problem probably will be to prevent over-confidence on the part of his supporters as a result of his landslide triumph over Attorney General Edward J. McCormack, Jr.

Kennedy himself obviously is taking nothing for granted, is running "scared" and undoubtedly will en-deavor to persuade his followers to do the same.

Time may show that it was to the advantage of both Kennedy and Peabody to have primary con-tests and that they are far better off today than if they had been unopposed and had been marking time for the election campaign to start.

Furcolo, of course, was not opposing a sitting Governor, as is Peabody. In one sense that gives added importance to the impact made by Peabody's primary triumph.

Volpe by no means is going to be an easy candidate for Peabody to defeat. Two years ago, he won the Governorship in face of the fact that John F. Kennedy was carrying Massachusetts by half a million votes in the Presidential election.

Most observers consider that Volpe is stronger today than he was in 1960. But the indications are that he also has a stronger opponent, and Volpe no longer is believed to have a soft fight, as was the case a few weeks ago.

Peabody, by his sweeping primary victory, has established himself as a very serious threat to Volpe and a candidate who might just wrest away the Governorship.

That college days constitute educator last week-end.

Dr. Blake Tewksbury, president of Lasell Junior College was the speaker. He spoke at an assembly of 383 freshmen students in Winslow Hall on the college campus in Newton. The talk was part of the four day registration program inaugurate Lasell's

"To call the period of your college days the best years seems to me to suggest that not much of the future can be either enjoyable or interest ing." Dr. Tewksbury said. "In spite of all that threatens our civilization now, I should like to hold out for something good in the years ahead, a good we should have the wit and energy to create."

Dr. Tewksbury declared that higher education is important because it can made to produce thought.

"We all share this respons bility," he continued. "It comes by assuring ourselves that the conditions necessary to produce thought can be created and maintained, if not continuously, steadily enough for us to deserve the distinction and the honor of being a

By this means, he added, we bridge the gulf of time and of difference in experience and, clarify our understanding of each other and of the world in which we live.

State income taxes unless Question No. 1 on the November 6 ballot is defeated by the voters, Attorney William Doyle, Chairman of the Committee Against Increased Income Taxes, warned today in launching a statewide campaign against the proposal.

Mr. Doyle assailed the plan as ". . . an undisguised tax trap which would give the Legislature blank check au-

voluntary, non-elected organ-ization ". . . comprised of men and women from all walks of life and from all sections of the Common-wealth, who have banded together to bring about the defeat of this obvious threat to their livelihood." He explained that Question No. 1 is a proposal to amend the Massachusetts Constitu-

thority to increase income taxes without limitation."

"If there ever was a device designed to break the back of the Massachusetts

taxpayer, it is Question No. 1," he declared.

tion to give the Legislature power and authority to abolpower and authority to apoi-ish the present system of taxation and to impose a burdensome graduated tax on personal and business in-

Under the present system, it was pointed out, the total tax rate on earned income (wages, salaries and fees) is a uniform 3.075 percent; 7.38 percent on unearned income (dividends, interest, etc.) and 1.845 percent on annuities.

"Let no one be deluded into believing that Question No. 1 is a harmless proposal merely to amend the Constitution," Mr. Doyle warned. "Its approval would give the Legislature a clear-cut mandate to adopt a crear-cut mandate to adopt a graduated income tax and thus be in a position to spend additional tens of millions of the taxpayers' dollars."

"A graduated State income tax would be similar to the present Federal income tax system," he added. "Federal income taxes already are a crushing burden on all Massachusetts wage-earners, but if a similar system is to be adopted for State income taxes, men and women who work for a living in this Commonwealth will be altogether flattened."

flattened."

The Committee Chairman attacked as ". . . an outright hoax . . ." the contention of some advocates of the plan that a graduated income tax would be exclusively a "soak-the-th" the "soak-the-th" the sound that the sound

"It could be more accurately termed a drown-the-poor tax," he insisted. "Leading proponents of this proposal say that 98 percent of all Massachusetts citizens have taxable incomes of less than \$10,000 a year. If this is so, how can the remaining 2 percent be expected to pay the major portion of the \$98 million the Commonwealth now receives annually in taxes

"The simple and only answer is that the chief burden would have to fall on the working masses of Massachusetts," he argued, "and it is entirely possible that many workers in the low-income group, who are not now required to pay State income taxes, would wind up having to pay their share of the load."

Chairman Doyle emphasized that proponents of Question No 1 not only would increase tames through a graduated income tax but also by (a) reducing the present \$2,000 personal deduction (b) by eliminating the present deduc-tion for Federal Income Tax-

tion on rental income." he said, "the owners of two and three-family dwellings would have no alternative but raise rentals for untold thousands of Massachusetts (amiliar)."

"Unless the people vote No' on Question No. 1," he warned, "an increased tax burden of \$20 million inevitably will be shifted to those whose livelihood depends on the control of the control of

Chairman Doyle described The Committee Against In-creased Income Taxes as a Volpe Wants

A Heckler In Exec. Council

Governor Volpe declared this week that he wants and needs "a Heckler in the Governor's Council."

He referred to Attorney Margaret M. Heckler of Wellesley who won the Republican nomination for the Executive Council in the big second councillor district which extends from Newton and Needham through Dedham and Westwood to Norwood and takes in part of Boston, including Ward 18.

Mrs. Heckler, who is making her first run for public office, declares that she enjoys campaigning almost as much as she did her victory in the recent primary.

"Campaigning has been an enormously enriching experience for me," she asserts.

"In travelling to all 31 towns and cities in the second coun cillor district, plus the Boston wards, I have gained an in-timate knowledge of the area and its people that could not be achieved in any other man-

Mrs. Heckler polled 31,380 otes, topping the field in votes, topping the field in most sections of the councillor district.

Victory did not come easily to her. She announced her candidacy on June 21 and on the following day began a vigorous campaign that took her into thousands of homes and business the sprawling district.

She is a member of the Boston Bar Association, the Massachusetts Trial Lawyers Association, is vice president of the Women's Republican of the Women's Republican Club of Massachusetts and legislative chairman of the Wellesley Women's Republican Club.

Mrs. Heckler has been en-dorsed by the Norfolk As-sociates. She is a Town Meeting Member in Wellesley as well as a member of the Republican Town Committee in
